Lisa, I think it best if you talk with Shelly and I together, as while I have my brownfield perspective related to the site, the voluntary LRP participation, as well as regulatory/enforcement side if needed for the site, is under Shelly's authority. So, we work in tandem on these kinds of conundrums, and as such, I think both Shelly and I are available on Friday. If that works for you and Kristen, perhaps we can all visit then, subject to receipt of an invitation from you.

This is a busy week for all, as EPA R7 has their semi-annual 4-States CERCLA/Brownfield meeting, which takes up all day Wed and Thurs for related EPA staff and selected state folks, including Shelly and I for many portions therein.

Sincerely,

MEL PINS • Executive Officer

Good morning,

Thank you for your quick responses! I plan to collaborate closely with Kristen Nazar, an EPA Counsel person, regarding this TBA application. I have a meeting with Kristen this afternoon. I will send out a meeting invite for tomorrow morning, Mel and if there are still some loose threads, maybe we can all connect on Friday. I do not mean to drag this out. I am trying to move quickly to get back to the City of Maquoketa but I also want to be thorough. Thank you for working with me.

Sincerely,

Lisa Dunning

Good morning,

I am not available Tuesday morning but Friday works for me. I also have time today if that works better for you. Just let me know!

Thanks,

Lisa, I would be happy to participate. My schedule is getting pretty busy for next week, and I am not available on Wednesday or Thursday, but I would have time on Tuesday AM, or all day on Friday.

Sincerely,

Good afternoon Mel and Shelly,

Thank you again for participating in the call last week on the City of Maquoketa's TBA application submitted to EPA. I have a much better understanding of the background of the TBA request. However, I would like to be sure that I have all my facts straight. Would you be willing to participate in a short, small meeting next week? It would be just me and Kristen Nazar (EPA Counsel). Please let me know if I should reach out to someone else at IDNR.

I am hoping to solidify my understanding of the City's participation in IDNR's voluntary cleanup program.

Have a nice weekend,

Lisa Dunning
